

Jamaica_Science_Grade 06

Table of Content with Listing of Activities

1. The Eyes

- Tutorial: The Eyes
- Activity 1: The Eyes: Key Terms
- Activity 2: Parts of the Eye

2. Sources of Light

- Tutorial: Sources of Light
- Activity 1: Sources of Light: Key Terms
- Activity 2: Natural and Artificial Sources of Light
- Activity 3: Sources of Light: Key Ideas
- Activity 4: Luminous and Non-luminous Objects and Creatures

3. Light, Shadow and Reflection

- Tutorial 1: Luminous and Non-luminous Bodies
- Review 1: Luminous and Non-luminous Bodies
- Tutorial 2: Sources of Light
- Review 2: Sources of Light
- Tutorial 3: Transparent, Translucent and Opaque Substances
- Review 3: Transparent, Translucent and Opaque Substances
- Tutorial 4: Shadows
- Review 4: Shadows
- Tutorial 5.1: Reflecting Objects Cast their Shadows
- Tutorial 5.2: Formation of Shadow by small and bigger Source of Light
- Review 5: Formation of Shadow by small and bigger Source of Light
- Tutorial 6.1: Light Travels in a Straight Line
- Tutorial 6.2: Pinhole Camera
- Review 6: Pinhole Camera
- Tutorial 7: Mirrors and Reflection
- Review 7: Mirrors and Reflection
- Column Matching 1 : Light, Shadow and Reflection

- Column Matching 2 : Light, Shadow and Reflection

4. Light

- Tutorial 1: Light
- Review 1.1: Light
- Review 1.2: Light
- Review 1.3: Light
- Tutorial 2: Types of Reflection and Images
- Review 2: Types of Reflection and Images
- Tutorial 3: Plane Mirror
- Review 3: Plane Mirror
- Tutorial 4: Multiple Images
- Tutorial 5: Multiple Images (Cont.)
- Review 4: Multiple Images
- Tutorial 5.2: Dispersion of Light
- Review 5.2: Dispersion of Light
- Tutorial 7: Human Eye
- Review 6: The Eye
- Tutorial 8: Defects of Vision
- Tutorial 9: Care of Eye and Braille System
- Review 9: Defects of Vision
- Column Matching 1: Light
- Column Matching 2: Light
- Column Matching 3: Light
- Column Matching 4: Light
- Column Matching 5: Light
- Column Matching 6: Light

5. The Ears

- Tutorial: The Ears
- Activity 1: The Ears: Key Terms
- Activity 2: Figure based
- Activity 3: Column matching

6. Sound Energy

- Tutorial : Sound Energy
- Activity 1: Sound Energy: Key Terms
- Activity 2: Sound energy: Key Ideas
- Activity 3: Soft and Loud Sounds
- Activity 4: Absorbed and Reflected Sounds

7. Sound

- Tutorial 1: Sound is Produced by Vibration
- Tutorial 2: Sound is Produced by Musical Instruments and Humans
- Review 2: Sound is Produced by Musical Instruments and Humans
- Tutorial 3: Propagation of Sound
- Review 3: Propagation of Sound
- Tutorial 4: Vibrations or Oscillations
- Review 4.1: Vibrations or Oscillations
- Review 4.2: Vibrations or Oscillations
- Review 4.3 : Characteristics of Sound
- Tutorial 5: Characteristics of Sound
- Review 5.2: Characteristics of Sound
- Review 5.3: Characteristics of Sound
- Tutorial 6: Noise and Music
- Review 6: Noise and Music
- Column Matching 1 : Sound
- Column Matching 2: Sound
- Column Matching 3 : Sound
- Column Matching 4 : Sound
- Column Matching 5 : Sound

8. Plants- Their Parts and Functions

- Tutorial 1: Plants in the Environment (I)
- Tutorial 2: Plants in the Environment (II)
- Activity 1: Parts and Functions of Plants: Key Terms (1)
- Activity 2: Part and Functions of Plants: Key Ideas

- Activity 3: Parts and Functions of Plants: Key Terms (2)

9. Kinds of Plant Propagation

- Tutorial: Plant Propagation
- Activity 1: Plant Propagation: Key Terms
- Activity 3: Plant Propagation: Key Ideas

10. Uses of Plants

- Tutorial: Uses of Plants
- Activity 1: Uses of Plants: Key Terms
- Activity 2: Plants as Food, Medicine, Etc.
- Activity 3: Uses of Plants

11. Needs of Plants

- Tutorial: Needs of Plants
- Activity 1: Needs of Plants: Terms
- Activity 2: Proper Ways of Caring for Plants

12. Reproductive Parts of Plants

- Tutorial 1: Reproductive Parts of Flowering Plants
- Tutorial 2: Seeds
- Tutorial 3: Vegetative Propagation or Sexual Reproduction
- Tutorial 4: Reproduction in Bryophytes and Gymnosperms
- Activity 1: Parts of a Plant: Key Terms
- Activity 2: Parts of a Flower (1)
- Activity 3: Parts of a Flower (2)
- Activity 4: Parts of a Seed
- Activity 5: Monocots or Dicots
- Activity 6: Vegetative Organs of Plants

13. Reproduction in Plants

- Tutorial 1: Reproduction in Plants
- Tutorial: Sexual Reproduction
- Tutorial 3: Pollens and Seed Dispersal
- Tutorial 4: Asexual Reproduction in Plants
- Activity 1: Reproduction in Plants: Key Terms (1)

- Activity 2: Reproduction in Plants: Key Terms (2)
- Activity 3: Reproduction in Plants: Key Terms (3)
- Activity 4: Seed Dispersal
- Activity 5: Reproduction in Plants: Key Ideas
- Activity 6: Sequence of Events in Fertilization

14. The Skeletal System

- Tutorial 1: The Human Skeleton
- Tutorial 2: Functions of Bones in the Human Body
- Tutorial 3: Joints
- Tutorial 4: Cartilages, Ligaments, and Tendons
- Activity 1: The Skeletal System: Key Terms
- Activity 2: Different Bones of the Body

15. The Muscular System

- Tutorial 1: Muscles Of The Human Body
- Tutorial 2: Classification Of Muscles
- Tutorial 3: Muscles In The Different Parts Of Body
- Tutorial 4: The Muscular System
- Activity 1: The Skeletal System: Key Terms
- Activity 2: Types of Muscles

16. Keeping the Skeletal and Muscular System Healthy

- Tutorial 1: Good Health Habits
- Activity 1: Good Health Habits: Key Terms
- Activity 2: Good Health Habits: Key Ideas
- Activity 3: Best Foods for the Bones and Muscles
- Tutorial 1: First Aid for Common Muscle and Bone Injuries
- Tutorial 2: Diseases of the Bones and Muscles
- Activity 1: Taking Care of the Bones and Muscles: Key Terms
- Activity 2: Common Muscle and Bone Injuries
- Activity 3: First-Aid Procedures Lesson

17. The Digestive System

- Tutorial 1: Digestion and Digestive Organ

- Tutorial 2: Common Ailments of the Digestive System
- Tutorial 3: Proper Care of the Digestive System
- Activity 1: The Digestive System: Key Terms
- Activity 2: Parts of the Digestive System
- Activity 3: Digestive Organs and their Functions
- Activity 4: Organs of the Digestive System
- Activity 5: Common Ailments of the Digestive System

18. Level of Organization in the Human Body

- Tutorial 1: Cells
- Tutorial 2: Tissues
- Tutorial 3: Organ Systems
- Activity 1: Levels of Organization in the Human Body: Key Terms
- Activity 2: Levels of Organization in the Human Body: Key Ideas
- Activity 3: Organs and Organ Systems

19. The Respiratory System

- Tutorial 1: The Path of Air Inside Your Body
- Tutorial 2: Common Disorders of the Respiratory System
- Tutorial 3: Caring for the Respiratory System
- Activity 1: Parts of the Respiratory System (1)
- Activity 2: The Respiratory System: Key Ideas
- Activity 3: Parts of the Respiratory system (2)

20. The Urinary System

- Tutorial 1: The Urinary System
- Tutorial 2: Common Disorders of the Urinary System
- Tutorial 3: Caring for the Urinary System
- Activity 1: The Urinary System: Key Terms
- Activity 2: The Urinary System: Key Ideas
- Activity 3: Parts and other Components of the Urinary System

21. Puberty and the Reproductive System

- Tutorial 1: Puberty
- Tutorial 2: The Reproductive System

- Tutorial 3: Common Disorders of the Reproductive System
- Tutorial 4: Caring for the Reproductive System
- Activity 1: Puberty and the Reproductive System: Key Terms
- Activity 2: Puberty, Reproduction, and the Parts of the Reproductive System

22. Why do we fall ill

- Tutorial 1: The Concept of Health
- Review 1: The Concept of Health
- Tutorial 2: Diseases And Their Types
- Review 2.1: Diseases And Their Types
- Tutorial 3: Infectious Diseases
- Review 3.1: Infectious Diseases
- Review 3.2: Infectious Diseases
- Review 3.3: Infectious Diseases
- Review 3.4: Infectious Diseases
- Tutorial 4: AIDS(Acquired Immuno-Deficiency Syndrome)
- Review 4.1: AIDS(Acquired Immuno-Deficiency Syndrome)
- Tutorial 5: How can we Prevent Diseases
- Review 5: How can we Prevent Diseases
- Tutorial 6: Organ-Specific & Tissue-Specific Manifestations
- Review 6: Organ-Specific & Tissue-Specific Manifestations
- Tutorial 7: What is Vaccination
- Review 7: What is Vaccination
- Column Matching 1: Why do we fall ill
- Column Matching 2: Why do we fall ill
- Column Matching 3: Why do we fall ill
- Column Matching 4: Why do we fall ill
- Column Matching 5: Why do we fall ill
- Column Matching 6: Why do we fall ill
- Column Matching 7: Why do we fall ill
- Column Matching 8: Why do we fall ill

23. Our Environment

- Tutorial 1: Our Environment
- Review 1: Our Environment
- Tutorial 2: Food Chain and Food Web
- Review 2: Food Chain and Food Web
- Tutorial 3: Flow of Energy
- Tutorial 4: Environmental Problems
- Review 4: Environmental Problems
- Tutorial 5: Solid Waste Disposal
- Review 5: Solid Waste Disposal
- Tutorial 6: Ozone Layer
- Column Matching 1: Our Environment
- Column Matching 2: Our Environment
